Urban support Grappenhall Sports

Urban Building Projects have teamed up with Grappenhall Sports Football Club in order to be an official sponsor.

Urban's brand new sponsorship board has recently been erected on the main playing surface at the club's Stockton Lane ground.

Grappenhall Sports run two open age teams with the first team participating in The Cheshire Football League Division 2. The second string meanwhile compete in The Cheshire Football League Reserves Division. Both clubs have enjoyed a particularly good start to the new season with the reserves sitting top of their division.

Commenting on the new sponsorship deal, Urban's Office Manager, Nicky Palmer, said: "We were delighted to join up with Grappenhall Sports FC and are pleased with the new sponsorship arrangement. Urban would like to wish the club all the very best for the current season."
