

Urban Building Projects Ltd recently supported Green Lane School by making a significant £250 donation to support the fine work that goes on within the organisation.

Youngster Harvey Groak who attends the school was on hand to collect the donation with his mum Mandy, who recently ran with the Olympic torch in Crewe as part of the London 2012 relay.

Commenting on the donation, Nicky Palmer, Urban's Office Manager, said: "It was great to get involved in helping Green Lane school and the excellent work they do. Amidst the current Olympic interest, it was also excellent for us all to participate in a little bit of the celebrations by getting our hands on an authentic torch."
