

## NEWS RELEASE

### Urban nominated at LABC awards

Urban Building Projects Ltd are celebrating yet more good news after it was confirmed they had been nominated as a finalist in the 2015 North West Regional LABC Building Excellence Awards.

The company's work was recognised and shortlisted twice in the same category of best extension or alteration to an existing home. The projects that hit the mark with the judges were at Dane Bank Road and Whitbarrow Road both in Lymm.

At Dane Bank Road (pictured top left), Urban completed an extension and carried out extensive renovations to a detached bungalow, whilst at Whitbarrow Road (pictured top right), Urban created a single storey bespoke extension.

Urban will celebrate their success at a black tie presentation evening in May at the Macron Stadium in Bolton and could even be in with a chance of making the national finals later in the year.

Commenting on the success, Office Manager, Nicky Palmer, said: "The two projects in Lymm were particularly eye catching pieces of work for Urban Building Projects and we were delighted to learn that they have caught the eye of the LABC judges."

Adding, "We continue to pride ourselves on delivering first class results for our clients and so to be nominated in this fashion is very pleasing for all concerned with our company."
