

Urban Building Projects recently supported a family fun day that offered something for everyone, whilst also raising money for a well deserved charity at Rylands Sharks Rugby League Club.

During a sunny day in April, young rugby league players from across the town, took to the field in support of two bereaved families, whose sons play in the under 8's and under 14's age groups.

Later on in the afternoon, the old timers got their chance to shine as "Masters" teams from Urban, Rylands and Crosfields took to the field.

In support of the charity, Urban was delighted to donate £250.
