

Urban Building have teamed up with flourishing local Rugby League side Rylands Sharks.

The new partnership sees Urban become the main kit sponsor for the under 18s side, who participate in the Gillette Conference Youth League.

As well as tackling clubs such as local rivals Crosfields, the league has a national flavour with teams such as North Wales also participating.

Commenting on the partnership, Nicky Palmer, Office Manager and Company Secretary, said: "We were delighted to become the main sponsor of Rylands Sharks. We have a long history of supporting local amateur sport and this is just a further example. Everybody at Urban wishes the Sharks all the very best in their league campaign."
