

The Urban Building Projects powered Rylands Sharks under 18's side recently made it all the way to the BARLA National Cup Final.

Solid victories in the previous rounds of the competition had seen the Sharks arrive at the final to face Thatto Heath Crusaders in very good spirits. However on the day they fell short and were defeated 40-12.

The club are currently sitting in mid-table in the Big Soup Conference Youth League - CYL West with plenty of rugby still to be played this season.

Commenting on the partnership with Rylands, Nicky Palmer, Office Manager and Company Secretary at Urban, said: "It was great for the lads to get all the way to a national cup final and a shame they couldn't get the win on the big day."

Adding, "Everybody at Urban now wishes the team all the very best for the rest of the season as they attempt to challenge for more honours."
