

Urban Building Projects have continued their support for Winwick Athletic FC Under 17s in a brand new sponsorship deal.

The successful club play in Division 2 of Warrington's Junior Football League and are aptly nicknamed the Wolves. They started their new season in September 2014.

The long standing sponsorship has seen Urban's unique logo take pride of place on the club's brand new kit and will hopefully spur them on to great things during the new campaign.

Commenting on the new sponsorship deal, Urban's Office Manager, Nicky Palmer, said: "We have supported this group of lads at Winwick FC as they have progressed through the ranks at the club. The new kit looks amazing and we wish them every success this season."
